FRIDAY MORNING, MAY 29, 1874.

A NAME.

In this day of schools and generally diffused intelligence a community can not be deceived by a name. A few here and there may be deceived by a glittering appellation, but to the great mass of people an article must have merit to deserve any consideration, the name to the contrary notwithstanding. A "people's jack-knife" will be used by the people generally only upon the condition that the knife is adapted to the people's use. A grange plow may be altogether a poor implement; and if it is, the grangers will have nothing to do with it; besides, it may be manufactured by the monopolies who have become so strong that they have ceased to regard the rights of others; in which latter case no true Patron would touch it with a pair of tongs, although it may be just the sort of implement he needs. It is always well to look behind the apparent smooth and plausible face; the originators and backers being known, in many cases, the worth and merits of the article itself can easily be determined. A newspaper should no more be approved or condemned solely on account of, its name than anything else; but, should a newspaper take a name for no other purpose than to mislead the public, and to obtain patronage from those with whom it is not in sympathy, it is an act of hypocrisy that will not be encouraged or tolerated by an intelligent community. Boldness is always admired, but hypocrisy and duplicity is universally detested.

Under a law passed by the last Legislature, the salary of County Clerk and Circuit Clerk will, after the first of January next, be \$1,500 in all counties having less than 18,000 population, and all fees in excess of that amount will be paid into the treasury. A reasonable amount is to be allowed by the County Cour: for clerk hire. Under this arrangement these offices will not be so desirable as they have been in the past.

A MASS convention of the temperance people of Missouri will meet at Brownsville on the 18th day of June. The convention will be a general council in the interest of the great temperance work, and all temperance workers are invited. The question as to the policy to be pur. sued in the next political campaign will come before the convention.
